Wedgewood to Celebrate 25 Years

Wedgewood Estates opened its doors in August of 1997 and is the result of years of research and planning envisioned and developed by William Casto. Bill & Priscilla Casto poured their hearts, lives, and prayers into senior healthcare for nearly 45 years in the Morrow & Richland County area where Bill grew up.

Wedgewood is unique because it not only was the first assisted living in the area, but it was also a leader in setting standards regarding rules and regulations for all assisted livings throughout Ohio. It is also unique because over a 25- year span, Wedgewood has remained a family owned facility with the same owners.

Bill & Priscilla began their careers as teachers but caring for their own parents during end-of-life difficulties lead to a vision & heart for our senior population. Their passion and concern for our seniors lead to the development & management of local nursing homes as well as assisted living that Wedgewood provides. They made the decision in 2005 to commit to the full-time management of Wedgewood Estates, leading to the sale of their nursing homes.

The very core values which inspired the Castos, and their greatest desire at Wedgewood, is to fulfill the teaching of Jesus Christ by first loving the Lord, and second, to love our neighbors as ourselves.

Family atmosphere continues to be the strength of Wedgewood Estates. When you visit, you will find Randall Casto, Bill's son, and his wife Lori. More importantly, you will find an amazing staff— the best staff— that allow Wedgewood to remain the area's premier senior residential community in the area

We invite you to take the Wedgewood challenge. Reach out today. Find out why so many have made Wedgewood home over the years. We are here to help when you are ready.

William & Priscilla Casto

Important Dates:

- 7/8 Charles Mill Boat Ride
- 7/13 Lunch Bunch to Cheddars
- 7/14 Garden Home Brunch

July Activities are Booming!

Warm weather is here and summer is in full swing. You have the opportunity to take full advantage of our exercise program, BINGO games, Ice Cream Socials, and everything in between. Music with Becky is very popular and takes place every other Tuesday at 2pm. You can also find church services on various days as well. Our Therapy dog comes in every Wednesday at 9:30am and enjoys going room to room to visit with residents.

Also, take advantage of the chairs placed outside located in several areas throughout the property to enjoy time with your loved ones.

Don't hesitate to take full advantage of everything this month has to offer!

Check out our Senior Resource Library

Wedgewood Estates, Senior Healthcare experts for over 40 years, introduces the 'Created to Soar' podcast. The Created to Soar podcast discusses how seniors can live their best life, no matter the physical challenges they face by speaking to socialization, the Alzheimer's journey, hospice care, caregiver burnout and more.

If you are interested in listening to a podcast, simply go to www.wedgewoodseniorliving.com and go to the 'podcast' tab. If you know of anyone interested in being part of a podcast or of you have a certain subject you would like discussed, simply contact Lori @ lcasto@castohealthcare.com.

Listen to 'The Created to Soar Podcast on our website.'
